Dear Paula:

Please accept this letter as formal notification that Clemson University intends to reallocate \$300,000 associated with the CU-ICAR Research Infrastructure Project from one part of the project, the Garage, to a second part of the same project, the Plaza.

These monies will be used to provide additional site enhancements associated with the original Plaza project approved by the Board on June 29, 2005.

In consultation with Board staff, Clemson University feels that it is necessary to inform the Board officially of any transfers within a certified project.

I want to thank you in advance for your acceptance of this information and please don't hesitate to contact me if you have any questions.

Sincerely,

James F. Barker, FAIA
President
